Port Ontario Harbor, NY

Harbor Features

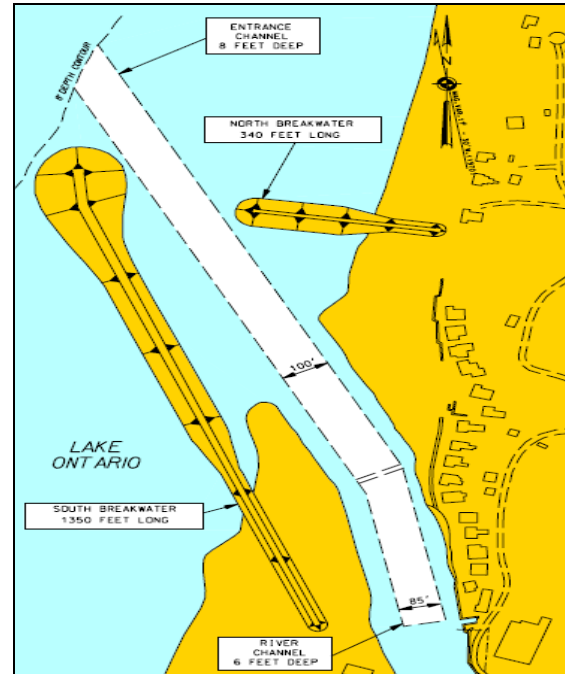

- Located on Lake Ontario, in the City of Port Ontario, Oswego County, New York.
- Authorization: River & Harbor Act of 1945.
- Shallow draft recreational harbor.
- Controlling depth are 8 feet in the entrance channel and 6 feet in the harbor basin.
- The harbor is protected by the north and south breakwaters with a total length of 1,690 feet.
- Major stakeholders include charter fishing interests and the recreational boating community.

Project Needs

- Currently, there are no critical maintenance needs.
- Semi-annual maintenance needs include project conditions surveys and sediment sampling and analysis.
- The current sediment backlog within the functional harbor areas is estimated at approximately 3K cubic yards.

Consequences of Not Maintaining the Project

- Negative economic impacts, locally and regionally.
- Potential safety issues for recreational boating community.

Transportation Importance

- Harbor of Refuge
- Supports 3 charter fishing boats generating approximately \$24,498 in Net Income annually.
